Phone Consultations:

- We bill for phone consultations. They require the same time and expertise as office visits.
- Billing for phone consultations is, however, at the doctor's discretion. Your doctor may choose not to bill you if the nature of the phone consultation is uncomplicated, such as requiring clarification on your treatment plan and/or prescription. For phone consultations requiring extra time and evaluation, you will receive a bill for the time required.

Extended appointments when required:

- We believe in taking the time to cover all of your concerns without rushing you. The doctor will do her best to keep to the original appointment time, however, issues or concerns may occasionally arise that require additional time. We bill for the time spent with the doctor if the appointment extends beyond the time allotted.

Naturopathic Family Practice of Niagara

(P) 905-641-5665

On-Time Policy:

- Your time is valuable to us, thus we take pride in seeing you on-time. Should you arrive late, you will be seen for the remaining time allocated to your scheduled appointment; however, you will be billed the full amount of time that we reserved for you.

Cancellation Policy:

- We kindly ask that you provide the office with a minimum of 2-business days notice. This allows other patients to benefit from an available appointment. Please note that missed appointments are billed at the following:

New Patient Cancellations & Rescheduling:

- New patient visits require the doctor to block out large time slots, making last-minute cancellations and rescheduling of visits very problematic. We spend an inordinate amount of time and energy with each and every one of our new patients because we are committed to providing the highest quality of naturopathic health care.
- If you cancel your appointment with less than 2-business days notice, or fail to show for your appointment without notification, you will receive a bill for \$75.00.

Follow-Up Visit Cancellations & Rescheduling:

- Assuring that all of our established patients have access to their doctor when necessary is a constant challenge. When you cancel or reschedule with adequate notice, it is more likely that another patient in need will be able to use your time-slot. When you cancel or reschedule at the last minute, or fail to show for your appointment, you are depriving another patient of the care they need.
- If you cancel a follow-up visit with less than 2-business days notice, or fail to show for your appointment without notification, you will receive a bill for \$40.00.

As a courtesy, we can provide you with an email or phone call reminder.

By signing this payment agreement & cancellation policy, you are indicating that you understand and agree to the terms of service explained above.

INFORMED CONSENT

Naturopathic medicine is the treatment and prevention of diseases. Naturopathic Doctors assess the whole person, taking into consideration physical, mental, emotional and spiritual aspects of the individual. Gentle, non-invasive techniques are generally used in order to stimulate the body's inherent healing capacity. Your Naturopathic Doctor will take a thorough case history and perform a medical physical examination. If your case requires, the physical may include more specific examinations such as gynecological, rectal, prostate or genital exams. If your case requires laboratory blood tests, your Naturopathic Doctor may refer you to a Medical Doctor or an appropriate lab where additional fees may or may not apply.

It is very important that you inform your Naturopathic Doctor immediately of any disease process from which you are suffering and any medications/over the counter drugs that you are currently taking. Please advise your Naturopathic Doctor immediately if you are pregnant, suspect you are pregnant or if you are breast-feeding.

As a patient you will receive information about your diagnosis and/or treatment, alternative courses of action, the material effects, costs, expected benefits, risks, side effects and in each case the consequences of not having the diagnosis and/or treatment acted upon. There are some slight health risks associated with treatment by naturopathic medicine. These include but are not limited to:

- Homeopathic remedies may occasionally result in the aggravation of pre-existing symptoms. When this occurs the duration is usually short.
- Some patients experience allergic reactions to certain supplements and herbs. Please advise your Naturopathic Doctor of any allergies you may have.
- Pain, bruising or injury from venipuncture or acupuncture or parenteral therapy.
- Fainting or puncturing of an organ with acupuncture needles or accidental burning of the skin from the use of moxa.
- Muscle strains and sprains or disc injuries from spinal manipulation.
- There is a very small potential for stroke in neck manipulation. Patients are thoroughly screened by the Naturopathic Doctor prior to manipulating the neck.

The Naturopathic Doctor is trained to handle emergencies should the need arise.

I understand:

- That the **Naturopathic Family Practice of Niagara** does not guarantee treatment results.
- That my Naturopathic Doctor will explain to me the exact nature of any treatment provided and will answer any questions I may have to the best of his/her ability.
- That I am responsibly to pay the fees for naturopathic services and any products from the dispensary at the time of the visitation.
- I have reviewed the Payment Agreement & Cancellation Policy. This has also outlined the fee schedule to me.
- That I am not obligated to purchase products from the **Naturopathic Family Practice of Niagara** dispensary and that I may choose to purchase items elsewhere.
- I am free to withdraw my consent and to discontinue treatment at any time.
